

Small Group Courses

Content:	Learning in our small groups is characterised by a high level of participation, with the focus being on speaking the foreign language. Changing interaction patterns (pair, group and individual work), the use of a variety of communicative exercises and a motivating class atmosphere, lead to effective learning in a positive environment. The learning content will help you to master the language in professional and private situations.
Course format:	"Hybrid Course": The teacher teaches in the classroom in face-to-face lessons with our normal teaching method (focus on speaking). If desired, you can also participate virtually in the course by means of a large screen/camera.

Additional Information

Detailed, up-to-date information can be found [here](#).

To see if we have a group suitable for your level and schedule, please arrange an appointment with one of our customer consultants. Your level will be tested and your questions answered. It goes without saying that the consultation and testing are free of charge and non-binding.

You are welcome to join an existing course, if your level is right for the group, or wait for a new course in planning. Courses can only begin once the minimum number of participants has been reached. Shipping cost will be added

We'll be pleased to meet you! Contact us on tel. 061 278 99 33 or with this [contact form](#).
